Kipelovo Airfield is located 3 nm south of Kipelovo and 37.5 nm ENE of Cherepovets.

The airfield has an 11,500 by 230 ft N/S concrete runway with a 1,730-ft graded earth overrun at the south end and a 1,990-ft graded earth probable overrun at the north end.

Facilities include a concrete parallel taxiway/parking apron (northernmost portion is under construction and contains numerous pieces of unidentified equipment/material), 1 end-connecting link, 1 crossover link, 1 probable crossover link under construction, a POL storage area adjacent to the airfield, and an earth-mounded POL storage area 2.7 nm NNE of the airfield. An ILS System is located off both ends of the runway.

Support facilities include 2 administration-type buildings, 11 barracks-type buildings, 1 storage-type building, at least 7 support buildings, and a probable construction/housing area with at least 45 buildings and a vehicle maintenance area.

Two BEAR aircraft are observed.
